Kids' care that's heads above the rest.

Get your child the treatment they need at the only children's hospital in the East Valley—Banner Children's Hospital at Banner Desert Medical Center. We provide a colorful environment that helps kids relax with everything from a jungle design and other fun themes, to beds sized just for them. It's where infants, teens and everyone in between can be seen by pediatric specialists in diabetes, emergencies and many other types of care. And for kids that need more serious care, our state-of-the-art cancer center, pediatric ICU and newly expanded neonatal ICU give them the kind of attention they require. So it's no stretch to say this is a great place to bring your child.
